PG&E's Role in Stimulus Related Activities

Utility Energy Forum May 5th, 2010

The American Recovery and Reinvestment Act of 2009 was signed into law on February 17, 2009 by President Barack Obama

The main goals of the stimulus bill was to provide supplemental appropriations for:

- Job preservation and creation
- Infrastructure investment
- Energy efficiency and science
- Assistance to the unemployed
- State and local fiscal stabilization

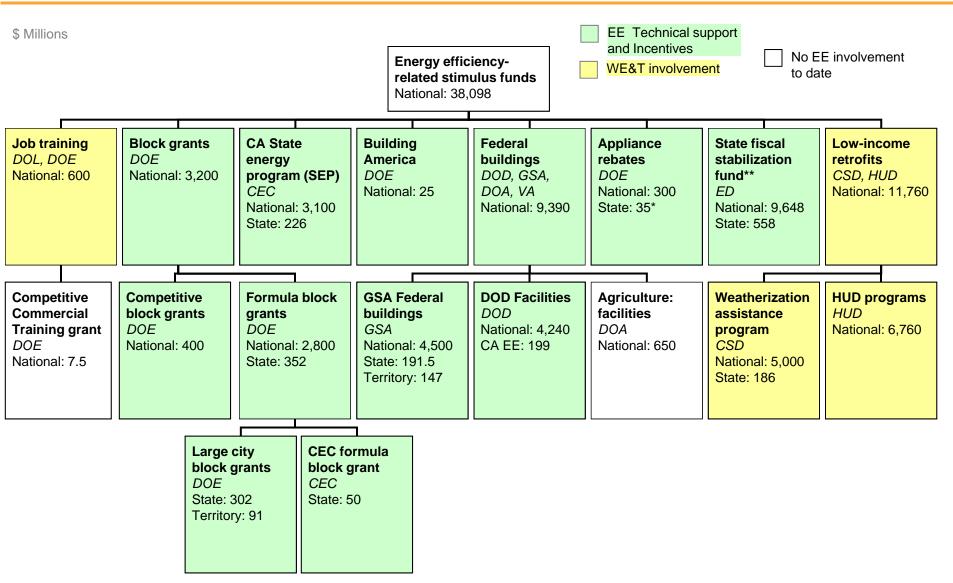

Customers are allowed to leverage PG&E's rebates and incentives

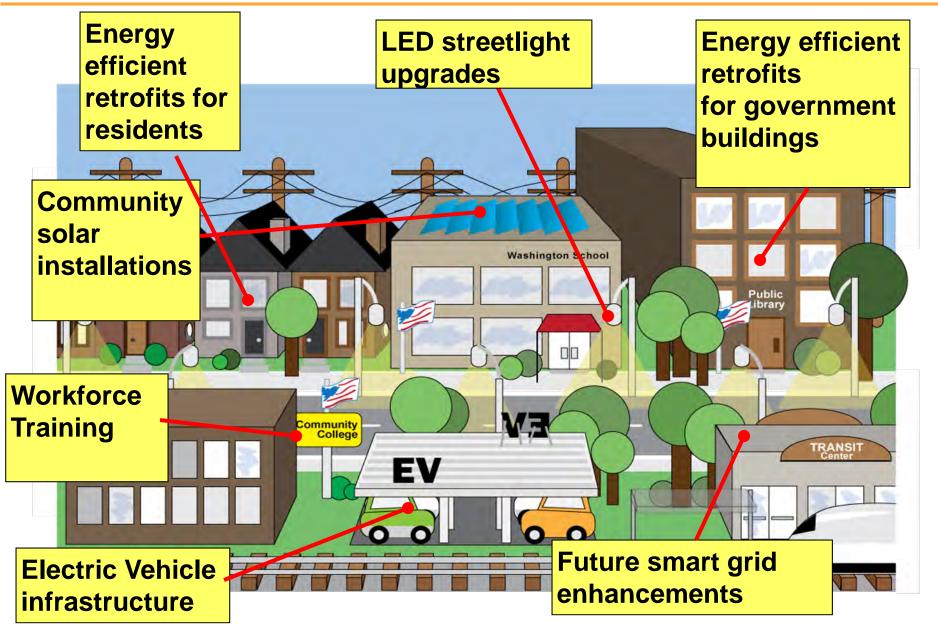

EE-related ARRA funding overview

Opportunities for EE and Renewables in communities

Sample of ARRA funding Sources
